

**BFA, Inc.** is located in Washington, MO and is a growing company with 29 associates with diversified backgrounds. Their primary work is in civil engineering, surveying and consulting. They specialize in project design, permitting and sustainable evaluation of commercial, industrial and municipal projects. They have completed more than 1000 projects for clients like Walmart, Lowe's, Target, Home Depot, Kroger, IGA, JC Penney's, McDonald's, Taco Bell, Walgreens, Ryan's Steak House, Orschlen's, Schnuck's, and Travel Centers of America. Their work throughout the Midwest has exposed them to many local, state, and federal regulatory agencies and many unique project experiences. They offer consulting for many communities on flood plain management, flood mitigation, flood buyout projects, as well as flood prevention.

**Raymond H. Frankenberg II,** P.E. PLS, CPESC, CESSWI, CFM

Ray graduated from the University of Missouri, Rolla in 1981 with a Bachelor of Science in Civil Engineering. He is a licensed professional engineer in 20 states and a licensed land surveyor in 5. He has designed and supervised numerous projects of all types including shopping centers, industrial developments, municipal infrastructure, subdivisions, storm drainage, parks and recreation and many others. He has served many communities on flood plain management and storm drainage issues.

**Ross E. Henson,** A.I.A., CPESC

Ross graduated from Drury College, Springfield, MO in 1988 with a Bachelor of Architecture. He is a registered architect in Missouri and Illinois. He has been a project manager for BFA, Inc. for over 15 years and is involved in the design, permitting, and regulatory approval for many of BFA's projects.
