

Ryan P. Stack, P.E.
DNR-Water Resources Center
111 Fairgrounds Road
Rolla, MO 65401
573-368-2485

Mr. Stack is a graduate of Geological Engineering from the Missouri University of Science and Technology (Formerly UMR). Upon completion of his undergraduate degree he spent the next five years working in the construction aggregates industry for Rinker Materials in South Florida and East Tennessee. Mr. Stack's geotechnical background includes: project and laboratory management, concrete mix design, and soil and materials testing. In late 2007 he relocated back to Missouri joining the staff of the Water Resources Center of the Missouri Department of Natural Resources.
