

Managing Your MS4 Permit

Speaker: Ruth A. Wallace
Municipal Storm Water Program Coordinator
Water Pollution Control Branch
(573) 522-1131

This session will cover:

Why is a SWMP document required and what goes in it?

Many regulated MS4s have some form of a written Stormwater Management Program Plan (SWMP) as required by the MS4 permit. Audits have been showing SWMPs to be adequate in some cases, but needing work in others. Come learn what is required in a SWMP for Phase II MS4 permits and how to be better prepared for the audit.
