

Monique Pilch

iService Regional Manager
iService Team | NFIP Bureau and Statistical Agent
8300 College Boulevard, Suite 200 | Overland Park, KS 66210

Monique Pilch is a graduate from Baker University where she obtained her Master's Degree in Business Administration. After graduation, she spent six years working for the University of Kansas in various facets of finance administration. In 2008 she accepted a position with Computer Sciences Corporation (CSC) under the National Flood Insurance Program (NFIP) Bureau and Statistical Agent (BSA) Contract as the Region VII Regional Manager. Monique continues to work in this role under the new NFIP BSA contract issued to Optimal Solutions and Technologies, Inc. (OST), sub-contracted to URS, Corporation. Additionally, she is a volunteer trainer for the American Red Cross Health and Safety Services Department and affiliated with their Disaster Action Team. Monique's professional focus is on public administration, including community training and educational outreach.
