

Ray Frankenberg is President of BFA, Inc. (Civil Engineering Consulting and Surveying), holds a B.S. Degree in Civil Engineering from the University of Missouri - Rolla and has over 25 years of civil engineering experience. BFA serves commercial retail clients by providing site design, surveying, grading, parking layout, and stormwater management and has served as City Engineers for a number of east central Missouri communities. As president of BFA, Ray is a registered Professional Engineer in 20 states and a Registered Land Surveyor in 6 states. He is also a Certified Floodplain Manager (CFM), Certified Professional in Erosion and Sediment Control (CPESC) and a Certified Erosion, Sediment, and Storm Water Inspector (CESSWI). BFA has created Stormwater Pollution Prevention Plans (SWPPPs) for over 50 projects in 10 states, including planning, permitting, and inspecting these sites while they are under construction
